

F250-F550

SPECIAL PAINT RESTRICTIONS

Special paint is available on the XL and XLT base models only.

Appearance packages are not available.

Higher series such as Lariat and King Ranch are also not available.

This restriction is due to the supplier complexity.

Tape Stripes and Decals are not available with Special Paint.

Dual Rear Wheel (DRW) Pickups (Body Types ending in a C or a D) require pickup box delete RPO code 66D.

GENERAL INFORMATION

Exterior hang on parts not painted VSO include:

XL Model:

Black components for Regular Cab:

The upper door chicklet (top of “B” Pillar)

Black component for Regular Cab, Super Cab, and Super Crew Cab:

Lower dog leg molding at the bottom of the rear-most cab pillar (forward of pickup box)

XLT Model:

Same components will default to black as shown on the XL models above, plus:

Front Fascia

Front Bumper Bar/Shell

Bumper/Lower

PAINT CONFIGURATIONS

SP101 Monotone (single color)

SPF (Special Paint Formulation) Custom customer color

Two-Tone Configurations are not available at this time.

Examples

Examples of the default to black components are shown below.

Note that although the example shown is an F150, the F150 and F250-F550 vehicle lines share the same body architecture.
